Declaration of originality

The signed declaration of originality is a component of every written paper or thesis authored during the course of studies. In consultation with the supervisor, one of the following three options must be selected:

○ I confirm that I authored the work in question independently and in my own words, i.e. that no one helped me to author it. Suggestions from the supervisor regarding language and content are excepted. I used no generative artificial intelligence technologies[1].

◉ I confirm that I authored the work in question independently and in my own words, i.e. that no one helped me to author it. Suggestions from the supervisor regarding language and content are excepted. I used and cited generative artificial intelligence technologies[2].

○ I confirm that I authored the work in question independently and in my own words, i.e. that no one helped me to author it. Suggestions from the supervisor regarding language and content are excepted. I used generative artificial intelligence technologies[3]. In consultation with the supervisor, I did not cite them.

Title of paper or thesis:

Exploring Multi-bit Spike Trains in Neuromorphic Computing

Authored by:
If the work was compiled in a group, the names of all authors are required.

Last name(s):	First name(s):
Zhu	Yi

With my signature I confirm the following:
- I have adhered to the rules set out in the Citation Guide.
- I have documented all methods, data and processes truthfully and fully.
- I have mentioned all persons who were significant facilitators of the work.

I am aware that the work may be screened electronically for originality.

Place, date	Signature(s)

If the work was compiled in a group, the names of all authors are required. Through their signatures they vouch jointly for the entire content of the written work.
